Career Objective

Motivated and detail-oriented Computer Science student with a strong interest in Cybersecurity, Vulnerability Management, and Secure Application Development. Passionate about building security-focused solutions through hands-on projects such as MetatronX and web vulnerability scanning systems.

Education Qualifications

GMR Institute of Technology, Rajam 2024-2027

Bachelor of Technology in information technology

CGPA: 9.12

Govt Polytechnic for Women, Nellore 2020-2023

Diploma in Computer Engineering

CGPA: 8.45

Internships

Datavalley India Pvt. Ltd., Visakhapatnam

(Jun 2025 – Jul 2025)

- Learned the fundamentals of Full Stack Development using Python.
- Gained basic knowledge of frontend and backend development concepts.
- Enhanced understanding of real-world software development practices.

Publications

Secure Web Vulnerability Scanner Using

Metasploit Framework (2026)

- Developed a web-based vulnerability scanner to identify common website security issues. Implemented security checks for authentication, HTTPS usage, and insecure configurations.

Projects

Web Vulnerability Scanner

- Developed a full-stack web vulnerability scanner with secure user authentication and role-based access control.
- Implemented multiple security testing modules including default credential detection, security header validation, and directory exposure scanning.

MetatronX – Cybersecurity Operation

- Developed a full-stack cybersecurity platform with JWT authentication, asset management, and vulnerability tracking.
- Implemented scan monitoring, CVSS-based risk analysis, remediation tracking, and security dashboards.

Skill to Industry Gap Detector

- Developed a web-based platform to identify skill gaps between users' current skills and industry requirements.
- Used React.js, JavaScript, HTML, CSS, and web technologies to build an interactive user interface.

Areas of Interest

- Cybersecurity
- Web Development
- Database Management System
- Secure Application Development
- Vulnerability Assessment

Skills

Programming languages

Python, Java, C

CS Core

DBMS, Software Engineering, OOPS concepts, Problem Solving

Cybersecurity

Network Security, Web Application Security, Vulnerability Assessment, OWASP Top 10

Frontend-Backend

HTML, CSS, JS, React, MySQL

Certifications

- Ethical Hacking Gateway
- Microsoft SOC
- AWS Cloud Foundations
- Micro Certification - Welcome to ServiceNow
- Internship on Full Stack Development using Python

Positions of Responsibility

- Chair Person, ACMW Student Chapter, GMRIT
May 2026 - May 2027

Professional Traits

- Responsible and reliable
- Quick learner
- Adaptability
- Problem-solving skills
- Teamwork

Languages

- English
- Hindi
- Telugu
